Pallets weighing 500-1000 kg are permitted to be delivered using a tail-lift providing the delivery vehicle is equipped with a power assisted pump truck.

MORE OPTIONS FOR YOUR FREIGHT

We pride ourselves on offering the widest and most-balanced range of pallet sizes in the palletised freight distribution sector.

Whether you're sending a small consignment under 150kg or a large one weighing up to 1200kg, we have the right size to accommodate your freight. No more worrying about wasted space or paying for unused capacity.

With our range of sizes, you can choose the most suitable one and lower your costs by only paying for the space you need.

FACILITATE YOUR EXPANSION ACROSS EUROPE

Looking to expand your business across Europe? With our Euro pallets, you can streamline your operations and ensure seamless delivery of your goods to different European countries.

Our Euro pallets meet the standard size requirements for transportation and storage across Europe, making it easier for you to navigate through the logistics of cross-border shipping.

Expand your horizons with Pall-Ex Group and unlock new opportunities across Europe.
